1850 Stagecoach Road Travelers Trail Shakopee MN. 55379

OUR MISSION "Veterans Serving Americans"

We are dedicated to a single purpose:

To ensure that veterans and their families have access to a full range of donated medical equipment. We are able to collect medical equipment from deceased veterans and families.

This equipment includes wheel chairs, walkers, medical beds, electric scooters and electric wheelchairs, etc. These items are donated with the understanding that they will be donated to those in need, without the financial and medical insurance or money to purchase them. We appreciate the support to help those in NEED.

With your support we are able to accomplish these needs.

We are all veteran volunteers helping with these medical needs that we are making available for them, fighting for the interests of America's heroes and educating the public about the great sacrifices of our veterans and Americans in need.

We thank you all for your generous donations in supporting us to continue those needing these special services.

VETERANS SERVING AMERICANS
